

DO YOU HAVE A REVISION?

The back-side revision is an innovative approach that is both customer friendly and code compliant.

The Back-Side Revision can be given to your inspector in the field at the time of your inspection instead of a formal submittal over the counter. All single family dwellings and single trade revisions are eligible.

REQUIREMENTS

- A Revision Narrative
- Revision Contract Cost Statement
- Revised Plans and/or Documents

Once the Back-Side Revision has been scanned into your project you will be notified that you can pay your revision and scanning fees online.
